a. **Review and Progress of District Strategic Plan – Mr. Mount**

Mr. Mount presented an overview of student growth data. He noted that the scores for MSTEP for grades 3, 8, and 11 are still embargoed. PSAT was administered in the fall and the SAT will be administered in the spring to give indication of growth. Students in K-8 also take NWEA, which shows student growth.

Mr. Mount then used Eidex to show data from the past three years and how to compare to state and other districts. Current goals for buildings, classrooms and now individual students were discussed.

An update on enrollment, and what it looks like for the District, was also discussed. Members were interested in tracking how programs affect student enrollment and test scores.

MiSchool Data was discussed, in particular graduation and dropout rates. Mrs. Wyman will have the board develop parameters of addition data they would like to see to help evaluate student growth.

6) **ADJOURNMENT**

As there was no further business Mrs. Wyman declared the meeting adjourned at 6:57 p.m.

Respectfully Submitted,

Gena Nelson, Secretary
